### Clinician's Product Selection Guide

FAMILY AND PATIENTS WHO WANT TO USE KETOCAL TO MAKE RECIPES

#### RATIO CAN BE ADAPTED FOR EACH RECIPE

 $Keto Cal\ intake\ to\ be\ determined\ by\ a\ medical\ professional\ and\ is\ dependent\ on\ the\ age, weight, energy\ needs\ and\ medical\ condition\ of\ the\ individual.\ See\ the\ product\ description\ for\ age\ indication\ per\ product.$ 

#### **DID YOU KNOW?**

One clinical study showed that supplementing the MAD with one serving of KetoCal 4:1 LQ per day in the first month increased long-term adherence (>6 months) compared to later supplementation.<sup>1</sup>

The study participants were adults and consumed 360 calories from KetoCal 4:1 each day.

One serving of KetoCal per day may help fill in the nutritonal gaps known to exist with the ketogenic diet.<sup>2</sup>

The study participants were children and consumed 400 calories from KetoCal 4:1 each day.
